TOPPRO

SPECIFICATIONS

Dimensions	: (L) X 82" (W) X 22" (H) X 22"
Frame	: Aluminum alloy
Colour	: Silver, Black
Dry weight	: 40 kgs
Proration Workout	: Paddling motion with uniform resistance, which can distribute the workout load more evenly across the muscle groups, training in proportion to the strength of the muscle group.
Easy Storage	: The Water Rower makes good use of the y-axis space for storage. Compared with other traditional cardio equipment, it occupies a smaller storage area. It also supports optional folding devices to further reduce storage space. Compared with other common cardio exercise equipment, such as treadmills, bikes, ellipticals, etc. In per unit time, the Water Rower uses more muscle mass, burns more calories, and is more efficient.
