Resistance System:	: Manual resistance.
Drive System	: Centre design drive, super silent poly-V belt driven.
Fly Wheel	: 5 Kgs precision balanced.
UPS	:
Transportation	: Transportation wheel for easy movement.
Pedals	: Self balancing, close spacing, enlarge, impact-absorbing and fit to any size user.
Seat	: Pop-pin seat slider horizontal and 6 steps vertical adjustments deliver a great fit.
Centre of Gravity	: Low COG combined with a balanced frame prevents rocking.
Cardio Monitor	: In-built pulse sensor with front handle grips enables to the cardio monitoring on board.
Display	: LCD, computerized console.
Display Feedback	: Multi feedback read out instantly displays time, distance, speed, calories, odo and pulse
User Weight	: 100 Kgs.
Rating	: Domestic
Frame Structure	: Arched support frame for maximum durability and stability.
Frame Finishing	: Proprietary two coat powder process.
Rust Proof	: All frame structures electro statically powder coated to ensure maximum corrosion and training of the best forms of cardiovascular and colliptical chess pain monitor cardio workouts
